PROFESSIONAL OVERVIEW

Web Developer with 4+ years of experience in developing robust and scalable, high-performance web applications using modern PHP frameworks. Specialized in Laravel and CodeIgniter, with a solid understanding of MVC architecture and OOP principles. Proficient in Laravel, MySQL, RESTful API development for Android/iOS platforms, and familiar with building and integrating responsive UI components using jQuery, Bootstrap and HTML/CSS.

WORK EXPERIENCE

Senior PHP Developer

MyVerkoper Private Limited, Hyderabad | August, 2021 – August, 2025

- Designed & maintained secure RESTful & GraphQL APIs for Android/iOS apps and Web apps, enabling seamless cross-platform communication.
- Developed high-performance CRM systems & admin panels in Laravel (MVC/OOP), featuring automated workflows, transaction handling, and duplicate management.
- Integrated Google APIs (Gmail, Calendar, Meet, Drive) to streamline scheduling and file management, enhancing user productivity.
- Developed and integrated real-time communication solutions, including SMS, WhatsApp messaging via Gupshup API for automated campaigns and a Google Firebase-powered chat interface.
- Managed and guided a team of junior developers, including assigning tasks, maintaining strict Git standards for branching, merging, pull requests, and commits.
- Designed and managed robust MySQL databases, including creating well-structured tables, implementing efficient migrations, and maintaining database schemas.

Freelancer | PHP CodeIgniter

Mahis Soft Solutions, Hyderabad | October 2020 – July 2021

- Gained hands-on experience in building core PHP web applications and working with the CodeIgniter framework for developing dynamic web solutions.
- Utilized the programming capabilities in PHP, SQL, jQuery and AJAX.
- Modified existing software's to correct errors, upgrade interfaces and improve performance.
- Worked on CRUD operations, form handling, user authentication, session management, and login systems to support application workflows.
- Managed cPanel deployments, handled MySQL database integration, and performed server-side configurations and troubleshooting.

SKILLS

- Core PHP
- Laravel
- CodeIgniter
- MySQL
- HTML/CSS
- jQuery
- Bootstrap
- Git/GitHub
- Postman API
- Jira

EDUCATION

B. Tech | Computer Science & Engineering (CSE)

University College of Engineering, JNTUK, Narasaraopet, Guntur.
2017 - 2020

Diploma | Computer Science

Swarnandhra college of engineering and technology, Narasapuram.
2014 - 2017

Intermediate | CSE Vocational

AFDT Junior College, Malikipuram, Razole.
2012 - 2014

SSC

ZPP High School, Chintalamori, Razole.
2012

PROJECTS

B2B E-commerce Platform

Tech Stack: Laravel, RESTful APIs, Angular, jQuery, MySQL

- Developed scalable RESTful APIs for Android, iOS, and Angular frontend, powering seller/buyer apps and admin dashboards.
- Implemented advanced features including automation workflows, blueprint systems, and dynamic/static duplicate management.
- Integrated multi-channel notifications: WhatsApp, SMS, Call, Email, Push, In-App, and Mobile using Laravel Queues and Job Scheduling.
- Built internal CRMs, campaign management tools for bulk messaging (email, WhatsApp, SMS), and a full communication suite.
- Integrated Google APIs: Gmail, Drive, Calendar, Meet, and Firebase for seamless cloud functionality and user engagement.

WhatsApp Business Messaging App

Tech Stack: Laravel, Gupshup WhatsApp Business API's, jQuery, MySQL.

- Developed a web-based WhatsApp messaging platform using Gupshup WhatsApp Business APIs for user-to-user communication.
- Implemented functionality to select and send promotional templates, and supported both transactional and promotional messaging.
- Enabled a 24-hour active chat system with real-time message delivery notifications and status updates.

Salon & Beauty Services Booking Platform

Tech Stack: CodeIgniter, RESTful APIs, HTML, CSS, Bootstrap, jQuery, MySQL

- Developed a web platform for booking salon and beauty services for both male and female users, with location-based discovery.
- Enabled salon registration across India, allowing shop owners to list services, manage schedules, and accept appointments.
- Built admin and salon owner dashboards for handling bookings, payments, users, service listings, reviews, and transactions.
- Integrated features like user ratings, comments, and feedback, with appointment scheduling based on real-time availability.

Event Management & Ticket Booking Platform

Tech Stack: Angular (Frontend), Laravel (RESTful APIs & Backend), MySQL

- Built a dynamic platform for displaying and booking events, with frontend in Angular and backend APIs in Laravel.
- Enabled user-friendly ticket booking (individual & bulk), integrated secure payment gateways, and generated digital invoices.
- Developed organizer registration flow for event managers to list events with pricing, location, and scheduling details.
- Implemented an admin dashboard to manage users, organizers, payments, event approvals, ticketing, and notifications.

ACHIEVEMENTS

Prathibha Award

Awarded by the Government of Andhra Pradesh for academic excellence, 2017.

Chess Runner-up

State level tournament conducted by JNTU, Kakinada, 2019.

Chess Runner-up

Inter Polytechnic Sports and Games Meet (IPSGM), SBTET Andhra Pradesh, 2017.

HOBBIES

- Chess
- Rubik's Cube
- Bike Riding
